

## Target 7.2: Green Procurement (2016-2017)

As of April 1, 2014, the Government of Canada will continue to take action to embed environmental considerations into public procurement, in accordance with the federal Policy on Green Procurement.

### Performance measurement

Expected result: Environmentally responsible acquisition, use and disposal of goods and services.

<b>Performance measurement table for green procurement reporting on 2016-17 DRR</b>	
<b>Performance indicator</b>	<b>Performance target (DRR)</b>
<b>Target status</b>	On track
<p><b>Departmental approach to further the implementation of the <i>Policy on Green Procurement</i> in place (as of April 1, 2015).</b></p> <p>The NBC relies on its Sustainable Development Policy* effective since November 2010.</p>	On track
<p><b>Number and percentage of specialists in procurement and/or materiel management who have completed the Canada School of Public Service Green Procurement course or equivalent, in the given fiscal year.</b></p> <p>0 0%</p>	Attention required
<p><b>Number and percentage of managers and functional heads of procurement and materiel whose performance evaluation includes support and contribution towards green procurement, in the given fiscal year.</b></p>	N/A

<p><b>Departmental Green Procurement Target :</b></p> <p><b>Ongoing plans to renew the vehicle fleet based on new technology (electric, hybrid) that will help to reduce consumption of fossil fuels</b></p> <p>The purchase of an electric vehicle was less performant and more expensive.</p> <p>The NBC proceeded to the purchase of a small commercial vehicle XRT 1550 that functions with gas and is additionally much more sustainable and performant. This allowed to avoid the purchase of a more energy-consuming big van.</p>	<p>On track</p>
<p><b>Departmental Green Procurement Target:</b></p> <p><b>Extend awareness of responsible procurement concepts to encompass office and computer equipment and existing promotional materials in order to optimize their use, encourage recycling and reduce paper consumption.</b></p> <p>Purchase of supplementary licences and computer hardware for the software for orders and maintenance of the Infrastructures and Projects Service.</p>	<p>Achieved</p>
<p>In 2016-2017, the NBC has continued:</p> <ul style="list-style-type: none"> <li>- the awareness of the employees, the suppliers and sub-contractors to the concept of responsible procurement;</li> <li>- taking in consideration criteria of sustainable development in call for tenders.</li> </ul>	<p>On track</p>
